

“ I got my first Cone Art kiln over 15 years ago. What I appreciate about this kiln is it's super accurate, extremely efficient and I rarely have to do maintenance on it.

**I love this kiln and recommend it to everyone!”**

- Danny Meisinger, spinningearthpottery.net

Cone Art is the kiln of choice of some of the most respected potters around. Why? Because no other kiln can match the features and benefits of a Tucker's Cone Art Kiln.
