

SCOTT CREEK EXTRUDERS

"The most overlooked tool in the potter's studio"
-Charan Sachar

Can you make everything with a clay extruder rendering your wheel obsolete? That's exactly what Charan Sachar did. Charan's entire workflow is based around extruded forms utilizing The Scott Creek Pottery 5" Wall Mount Extruder. After struggling to produce enough work on the wheel, he came to the conclusion that the speed, efficiency and consistency of the extruder was right for him.

Quite simply a Scott Creek Extruder is the best way to work smarter, not harder. Whether you're using our premade dies to extrude dozens of handles or making cylinders in bulk, we've got you covered.

Scott Creek Pottery is the home of the Original Super Duper Clay Gun, XL Clay Gun and 4" & 5" Wall Mount extruders. Accept no substitute!
