Elevate your work with the unique beauty of Clay Art Center's line of mica-infused terra sigillatas.

Our **Interference Series** interacts with smoke to create a subtle, but stunning flourish of color, making it ideal for Horsehair & Raku.

Our **Metallic Series** create a smooth, lustrous sheen of glimmering, opaque color, even in oxidation firings.

Mica-Infused Terra Sigillata

Scintillating color. Sparkling effects. Stunning results.
