Workshop from Home with Antonio Martinez May 19, 2021

- Antonio mostly works out of the school studio at Haskell Indian Nations University, where he teaches.
- He currently uses a cone 10 commercial clay, Standard Ceramic’s 181 White Stoneware and sometimes Laguna’s B-mix clay.
- Antonio bisque fires to cone 06 and glaze fires to cone 10.
- He does not use underglazes or stains, but he does use a thick slip for decoration, which he will sometimes spray or dip pots in.
- Antonio mostly uses the wheel but will occasionally slab build components to add on to wheel-thrown forms.
