

Workshop from Home with Beth Harden Resources for April 23, 2026

- Beth Harden recently downsized her studio following a move to Alberta, which has challenged her to condense her space into a garage.
- Beth uses [Plainsman Clays' M370](#), which is considered locally sourced as it is produced a few hours away from where she lives in Alberta.
- She bisque fires to cone 06, and glaze fires to cone 5–6, depending on what mix of products she's using.
- Most of Beth's work is wheel thrown, and she recently has been dabbling in slip-casting clay.
- Her favorite tools are [Diamond Core tool carvers](#) and the new [Buschkraft Dragonfly carver set](#).
- Beth is a fan of [Chrysanthos](#) and their product lines. She primarily uses their [underglaze](#) and [one stroke](#) products. She uses Chrysantos [High-Fire Glazes](#) and Amaco's [Lead Free Clear](#) and [Charcoal Celadon](#) glazes.
- Beth is a "one-woman show wearing all the hats, sometimes all at once".
