

| MATERIAL/QUANTITY | LOW-FIRE: CONE 08-02 | MID-FIRE: CONE 4-6 | HIGH-FIRE: CONE 8-10 |
|---------------------------------|----------------------|--------------------|----------------------|
| Soda Feldspar: NC4/Minspar | occasional | common | common |
| Potash Feldspar: Custer* | occasional | common | common |
| Potash Feldspar: G200HP* | occasional | common | common |
| Nepheline Syenite* | occasional | common | common |
| Spodumene | rare | occasional | comon |
| Talc | common | occasional | rare |
| Barium Carbonate | occasional | rare | rare |
| Strontium Carbonate | rare | occasional | common |
| Lithium Carbonate | occasional | occasional | occasional |
| Ferro Frit 3110 | common | rare | rare |
| Ferro Frit 3124 | common | occasional | rare |
| Ferro Frit 3134 | common | common | rare |
| Ferro Frit 3195 | common | occasional | rare |
| Wollastonite | occasional | common | common |
| Whiting* (calcium carbonate) | occasional | common | common |
| Gerstley Borate* | common | common | occasional |
| Borax | common | rare | rare |
| Dolomite | rare | occasional | common |
| Magnesium Carbonate | rare | rare | occasional |
| Kaolin* (EPK) | common | common | common |
| OM4 Ball Clay | common | common | common |
| Red Art | common | rare | rare |
| 6 Tile Clay | rare | common | common |
| Tin Oxide | common | common | common |
| Titanium Dioxide | common | common | common |
| Cobalt Carbonate | common | common | common |
| Cobalt Oxide | common | common | common |
| Copper Carbonate | common | common | common |
| Black Copper Oxide | common | common | common |
| Chromium Oxide | common | common | common |
| Red Iron Oxide | common | common | common |
| Rutile Powder (Light or Dark) | occasional | common | common |
| Manganese Dioxide | common | common | common |
| Commercial Stains (1/4 lb bags) | common | common | common |
| Silica* | common | common | common |

Color-coded shopping list: fluxes = purple; clays = red; feldspars = blue; opacifiers = orange; colorants = green, pink = glass former.
