2020 *yearbook*

and annual buyers guide

The **Ceramic Arts 2020 Yearbook and Buyers Guide** is a reference tool used by artists and potters actively looking for products, art materials, and equipment all year round! It is sent to subscribers of **both** *Ceramics Monthly* and *Pottery Making Illustrated*. **So you are reaching the #1 and #2 largest ceramic art subscriber audiences with ONE ad.** We'll also be distributing it at the NCECA conference. An ad in this publication has repeated exposure. In the 2020 publication (coming out in October) we will feature: **Artist of the Year, Hot New Products, Upcoming Key Exhibitions and Events in 2020, Awards Recipients in 2019, Color of the Year 2020 and Glaze Recipes to Match.**
